

Teacher: First Login → First Use

A short checklist from teacher registration through the first Daily Log.

Your first-use checklist

1	Choose Teacher Portal from the portal selection screen.
2	Choose New Teacher and complete the registration details.
3	Verify the teacher email when the verification screen is shown.
4	Complete the teacher profile.
5	Complete the Teacher Academic Questionnaire for the academic year, including classes / subjects assigned to you.
6	Enter the Teacher Portal after onboarding is complete.
7	Open Daily Log from the teacher sidebar.
8	Select the relevant classroom / assignment information shown by the existing Daily Log flow.
9	Record and publish the day's classroom evidence using the existing Daily Log controls.
10	Continue using Class Health, Pending Doubts, Learning History and planning / PTM tools as enabled by your school.

When you are ready

- If a module is not visible, it may not be enabled by the school administrator.
- Keep the selected academic year in mind when reviewing academic information.
- Daily classroom evidence feeds the existing teacher-intelligence workflow.
